GENERAL INFORMATION

This Summary of Benefits has been prepared as an informal document to summarize the main features of the benefits provided to eligible Active Members of the Sheet Metal Workers Local Union 30 Welfare Plan (the “Plan”).

All benefits described in this Summary of Benefits and the rights thereto, are governed by the provisions of the Plan and the applicable contracts of insurance and documents, including eligibility exclusions and limitations. This document is just a summary.

The Weekly Indemnity, Supplementary Health Care and Dental benefits are not insured. They are self-funded and supported by the assets of the Sheet Metal Workers Local 30, Welfare Trust Fund only.

Accidental Death and Dismemberment benefits are insured by CHUBB Life Insurance of Canada under Policy Number AB10447201.

Life Insurance and Long Term Disability benefits are insured by Manulife Financial under Policy Number 901884.

The Emergency Travel Assistance benefit (ETA) is provided by Green Shield Canada (GSC) under Group Number 4932.

The Plan’s Member Assistance Program (MAP) is provided and administered by Family Services Employee Assistance Programs (FSEAP). FSEAP provides free short term confidential counseling services for crisis support, advice and information by telephone, face-to-face or online.

You may find that the Plan does not cover every expense you may wish the Plan to pay for. The Plan is established to provide the broadest range of coverage that is suitable for the membership of the Plan given the available funding. New drugs and treatments will come into the health care environment over time and the Trustees always reserve the right to cover, or not cover, any of these and to add limitations to coverage.

Subject to the limitations and exclusions of the Plan’s official documents, and as described throughout this Summary of Benefits, eligible Plan Members and their eligible dependants qualify for the following benefits:

The Plan covers Member, apprentices, their spouses and unmarried dependant children from live birth to their 22nd birthday or up to their 25th birthday, if the child is in full-time attendance at an accredited school, college or university. The Plan also covers disabled Members, unemployed Members and their eligible spouses. Everyone covered under the Plan must be a Canadian resident and covered under a provincial medicare plan. Members must be in good standing with Sheet Metal Workers Local Union 30 to be covered by the Plan.
